

Out Of Your Mouth, Crime Pays

Crime pays!
Crime pays!

Waste of mother fucking space
In prison eating steak
Anything and everything about it
Is a migraine
Someone get me straight
Make these people change
Tell me what to do
If I can help it
I would gladly pay my way

My country's killers live in luxury
I'll just wait until they come for me

Crime pays!
Crime pays!

Change and rehabilitate
Makes it feel okay
Anything and everything
About it is a migraine
Killers have it great
It makes me feel unsafe
Tell me what to do
If I could help it
I would gladly pay my way

My country's killers live in luxury
I'll just wait until they come for me

Crime pays!
Crime pays!

Crime pays!
Crime pays!
Crime pays!
Crime pays!
