

# Out Of Your Mouth, The Dream

Hey, do you really know  
What you care about?  
Do you care if you fade away?  
I can relate to losing faith

To losing you, I feel afraid  
I see no pain  
I'm so ashamed  
Till i see your face

I just needed to tell you  
I just can't seem to cry  
I just know that I see you  
I am confused inside

And i wonder why  
Do you believe in a dream that you can stay in my mind?  
And I wait for the day you say hello, and I'll say goodbye  
To the dream(repeated&fades)
