

Out Of Your Mouth, Wank

No more wanking for you young man
Get hair on the palm of your hands
You think I'm going blind 'cause I do it all the time
A sin that I'll never understand
Everytime time the water runs
Everytime the wind blows
Even just a nipple on a dude
There's only one thing for an obsession
The single greatest thing that you can do

The stars are dirty for me
He's gotta wank it!
Inside the thoughts are dirty
He's gotta wank it!
The stars are dirty for me
He's gotta wank it!
Inside the thoughts are dirty
He's gotta wank it!

Busted at the scene of the crime by your mom
But she never really ever understands
It's the single greatest thing you can do for yourself
Unless you can do it with a friend
Standing in the shower
Lying on the bed
Thinking of Britney Spears in the nude
There's only one thing for an obsession
The single greatest thing that you can do

The stars are dirty for me
He's gotta wank it!
Inside the thoughts are dirty
He's gotta wank it!
The stars are dirty for me
He's gotta wank it!
Inside the thoughts are dirty
He's gotta wank it!

One cum for the ladies
For the girls that have gotta get a fix
Some cum with little boys
Some cum with little girls
If it only does the clutch with triple 6

The stars are dirty for me
He's gotta wank it!
Inside the thoughts are dirty
He's gotta wank it!
The stars are dirty for me
He's gotta wank it!
Inside the thoughts are dirty
He's gotta wank it!
