

# Outfield, No Surrender

No surrender  
Even if it's over  
No surrender

Stop pretending  
You never cared for me  
Cause I remember  
I remember  
Just remember

Words that we share  
A promise to keep  
If they meant nothing to you  
Well they still mean a whole lot to me

And if you tell me  
To just walk away  
And forget you forever  
Then all I would say is  
No surrender

Even if you leave me  
No surrender

Stop pretending  
You never said those things  
Cause I remember  
I remember

One small mistake  
Turned into a crime  
Oh but if I take the blame  
You can go  
But I won't say goodbye

And if you tell me to just walk away  
And forget you forever  
Then all I will say is  
No surrender
