

Outfield, No Surrender

No surrender
Even if it's over
No surrender

Stop pretending
You never cared for me
Cause I remember
I remember
Just remember

Words that we share
A promise to keep
If they meant nothing to you
Well they still mean a whole lot to me

And if you tell me
To just walk away
And forget you forever
Then all I would say is
No surrender

Even if you leave me
No surrender

Stop pretending
You never said those things
Cause I remember
I remember

One small mistake
Turned into a crime
Oh but if I take the blame
You can go
But I won't say goodbye

And if you tell me to just walk away
And forget you forever
Then all I will say is
No surrender
