

# Outkast, When I Look In Your Eyes

[Intro]

Hey...Uh Huh...Well  
Alright...How  
Y'all Doing? Yes Mam  
You're Mighty Fine

[Verse 1]

I've been around the world, seen so many pretty girls  
But I still get over whelmed when I look in your eyes  
Been from main to Spain but everything seems the same  
I only feel the change when I look in your eyes  
I know your upper class; I know you got those abs  
Every man wants to kiss you, and I do too  
Sometimes I'm just a clown, and everybody puts me down  
I guess I'll come around when I look in your eyes  
Tell me whats a man to do, to get close to you  
I'm just a lonely fool, when I look in your eyes  
Don't tell me no this time, if you do it will blow my mind  
Have you ever seen a grown man cry? It's an awful thang

[Instruments playin']

[Verse 2]

I guess its time to say good bye, but I gotta give it one more try  
I'm only satisfied when I look in your eyes  
Oh please come home with me, oh don't you wanna marry me  
I'm even gonna rub your feet when they stank OUTKAST!  
How can I let you down, I guess I'm always gonna be around  
I'm simply astounded when I look in your eyes
