

# Oval Opus, Crystal Ball

You used to be my shining star,  
I would have done most anything for you.  
Somehow you seemed to fade away,  
You fell from Earth and lied along the way.

Maybe I've been blinded for a while.  
Somehow you seemed to make me lose my smile.  
Cause all you saw through your crystal ball.  
Was this life I call the stage.

There's no way for me to say,  
Everything that I need to say.  
Maybe time can heal this heart of mine.

I told myself I had to do,  
The very thing I didn't want to do.  
You said you had to get away,  
So without a word, I turned and walked away.

All my dreams you fulfill but only in my mind.  
I keep telling myself, I must leave this all behind.  
Cause all I saw through your crystal ball  
Was the promise that you made.

There's no way for me to say,  
Everything that I need to say.  
Maybe time can heal this heart of mine.

I know now that,  
There's no way for me to say,  
Everything that I need to say.  
Maybe time can heal this heart of mine.

Heal this heart of mine.

There's no way for me to say,  
Everything that I need to say.  
Maybe time can heal this heart of mine.

I know now that  
There's no way for me to say,  
Everything that I need to say.  
Maybe time can heal this heart of mine.

I know that,  
Maybe time,  
Maybe time can heal this heart of mine.  
Maybe time can heal this heart of mine.
