

Oval Opus, Everything

Sunshine, wake me up.
I'm so afraid to be here.
Laying with you in my arms.
And smelling your sweet brown hair.

Well it's everything I've wanted.
Everything I need.

I thought it was just a phase.
I tried to hide you in my past.
Now you tell me after all this time,
You want all this to last.

Well it's everything I've wanted to hear.
It's everything I needed to hear.

So can I trust you?
Or will you crush my heart again?
Can I believe you?
When you say we're more than friends?
Can I trust you?
I'm so afraid to let you in.
So can I trust you?
So tell me can I trust you?

We walked the streets of Charleston,
And we watched the little one's play.
You reached out and grabbed my hand,
Said we can bring ours here someday.

Well it's everything I've wanted to hear.
It's everything I needed to hear.

But can I trust you?
Or will you crush my heart again?
Can I believe you?
When you say we're more than friends?
Can I trust you?
I'm so afraid to let you in.
Can I trust you?
Tell me can I trust you?

Can I trust you?
Or will you crush my heart again?
Can I believe you?
When you tell everybody that we are more than friends?
Can I trust you?
I'm so afraid I'm gonna let you in.
So can I trust you?
So tell me can I trust you?
