

# Over It, Downer Ave

waiting, watching fireworks shine overhead  
thoughts circling around myself again  
but i still can't get my mind off this understanding we have  
and i konw it changed htis time we've shed former insecurities  
because they're your and they're mine  
remember thinking i was prone to disappointment  
we've crossed that line if i were me i'd think she'd think me crazy  
to hear that i only want to hold her hand for the rest of all my life  
and im so proud to know you think the same of me and i make you smile  
understatements like i love you always work well but not this time  
so i just wanted you to know just how much you've changed me  
and every time i hold your hand i've lost these fingertips in your hair  
i've always yearned to look in shining eyes and see myself  
staring right back in my direction  
just promise you'll meet me there
