

# Over The Rhine, Let's Spend The Day In Bed

Let's spend the day in bed  
Yeah, that's what I said  
Let's lie down, draw the shades  
Ditch the plans we made  
Rest your lovely bones  
And just stay home

Turn off the telephone  
Picnic on the sheets  
Toss the dogs some treats  
Rub each other's knees  
We're not ashamed  
Of a little lazy love  
Till we're through  
I'm gonna spend the day in bed with you

Let's spend the day in bed  
On our very own bedspread  
A pajama holiday  
Catch a black-and-white matinee  
Spoon-feed these new daydreams  
And just stay home

We'll read Shel Silverstein  
Where The Sidewalk Ends  
Smile about old friends  
Try to comprehend  
One single day  
No work and only play  
Kick off your shoes  
I'm gonna spend the day in bed with you

When life's a drug  
We'll get stoned on love, stoned on love  
Just stay home  
We'll get stoned on love, stoned on love  
We need a groove that's all our own  
And we'll get stoned  
Just stay home  
We'll get stoned on love, stoned on love

Till we're through  
I'm gonna spend the day in bed with you

Let's spend the day in bed  
Forget all that I said  
We'll eat your favourite pie  
Ice cream on the side  
Lie here ala mode  
And just stay home  
Just stay home

When life's a drug  
We'll get stoned on love, stoned on love  
Just stay home  
We'll get stoned on love, stoned on love  
We need a groove that's all our own  
And we'll get stoned  
Just stay home  
We'll get stoned on love, stoned on love

Just stay home
