

Overkill, Dead Man

Seems like a dead man stickin' to you
Seems like his last thoughts are stuck to your shoe
Seem like a dead man stickin' to you
Seems like a dead man stuck to your shoe
Seems like a dead man stickin' to you
Seems like a dead man stickin' to you
Dead man hold me near with all that you hold dear
I can shut my eyes down tight and make you disappear
Then I fall down
Seems like tomorrow is yesterdays news yeah
Seems like you can't win, can't win for losing
Seems like a dead man stickin' to you
Seems like tomorrow is yesterdays news
Seems like a dead man stickin' to you
Seems like a dead man stickin' to you
d-d-d dead man what got you here
A little wrinkled little smeared
I can shut my eyes down tight and make you disappear
Then I fall down
My eyes hang from their sockets
I wear a ball and chain
Can you hear the rockets
Exploding in my brain
They go

I feel the insecurity
I feel the sting of pain
The upside of insanity
I side with the insane
They go
They come across the black and white
They ravage me with fear
I can shut my eyes down tight and make them disappear
Feel like a dead man
Dead man
