

# Owen, Take Care Of Yourself

Don't take what I say to bed with you  
and don't get used to that which I do, or you'll only feel used in the end.  
Don't weigh your heavy head with those words that I haven't said.  
Don't confuse that which I don't do with what will be done in time.  
You've gotta wise up, for christ's sake take care of yourself.  
Cause a dirty boy don't make clean breaks.  
Oh Sara(h), if there's something that you want from me,  
just ask, you might receive.  
I'm gonna take some time to sift through this conflicted time  
and figure out why I can't sleep.  
Oh my greed (?) and my guilt have surely gotten the best of me.  
You've gotta wise up, get out of this mess while you can,  
cause a dirty boy like me don't fight clean.  
Oh Sara(h), if there's something that you want to do with me,  
just ask, cause I'm up for anything.
