

Owl City, New York City

I'm digging through the glovebox
I thought I had a map in here
the driver's dootr doesn't lock
I bought the car my junior year
there's candy in my backpack
and you can pick our soundtrack
we're heading for the East Coast tonight
So pack your bags and hold on tight
cuz we're taking off

we're taking off

Run away with me
we're on the way to New York City
take my hand and see
Manhattan never look so pretty
Travel light and see the world right
you'll never know if you never go so
run away with me
and say hello to New York City

Feet up on the dashboard
we're driving with the windows down
did you forget your phone card?
we'll buy one in the next small town
get dinner at an IHOP
A shower at a truck stop
we'll listen to some Johnny Cash
take my hand and don't look back
Cuz we're moving on

we're taking off

Run away with me
we're on the way to New York City
take my hand and see
Manhattan never look so pretty
Travel light and see the world right
you'll never know if you never go so
run away with me
and say hello to New York City

we're taking off

we're taking off

we're taking off
