

Ozark Mountain Daredevils, Country Girl

Well look see the moon comes risin
tomorrow is yesterday
He left his home and now he's gone
a hopen to find a way
A sory of Ruben the Cobbler
I'll tell you in this style
How he went down the road
and with his load
and shouted for a thousand miles

Oh country girl, won't you come to me tonight?
Oh country girl, smother me with delight
Oh country girl, you drive away the pain
Oh country girl, you made sunshine of the rain

With a hop, and a hoop, and a holler
he carried out his dues
Till the rotted roof that made the push
that took ol Ruben's shoes
And I wondered to be there with him
in that sky of grey
We'd sit on a cloud, and cry out loud
till tomorrow is yesterday

Oh country girl, won't you come to me tonight?
Oh country girl, smother me with delight
Oh country girl, you drive away the pain
Oh country girl, you made sunshine of the rain

Oh country girl, won't you come to me tonight?
Oh country girl, smother me with delight
Oh country girl, Oh you drive away the pain
Oh country girl, Oh you made sunshine of the rain
You made sunshine.....
