

# Ozark Mountain Daredevils, Fly Away Home

Standin' in the trees  
I get lifted by the leaves  
And carried away by the wind  
Turning around  
I touch down on the ground  
And i'm drifted away again

You've got to fly away on home  
Halleluiah  
Fly away  
Fly away on home  
Get carried away by the wind

Looking out my window  
Reflections of a rainbow  
As the evening rain comes down  
Trumpets start to blow  
And when them stars start glowin'  
And my head gets lost in the sound

You've got to fly away on home  
Halleluiah  
Fly away  
Fly away on home  
When that evening rain comes down

You've got to fly away on home  
Halleluiah  
Fly away  
Fly away on home  
When that evening rain comes down  
Let your head get lost in the sound  
When that evening rain comes down, fly away!
