

# Ozark Mountain Daredevils, Jump At The Chance

(PIANO & GUITAR INTRO)

when you're not around

I never wonder where it's at

it's never more than what we are as friends

but if you come around

and look at me like that

and walk that walk and talk that talk again

then I'm gonna jump at the chance

you know I'm gonna jump at the chance

yeah, I'm gonna jump at the chance

you bet I'm gonna jump at the chance

when I'm all alone

I never miss the time with you

but then you show and there I go again

so when we're alone

and you've got the feeling too

I can't resist, we're still the best of friends

and...

then I'm gonna jump at the chance

you know I'm gonna jump at the chance

yeah, I'm gonna jump at the chance

you bet I'm gonna jump at the chance

(GUITAR SOLO)

girl, I'm gonna jump at the chance

you know I'm gonna jump at the chance

yeah, I'm gonna jump at the chance

you bet I'm gonna jump at the chance

girl I'm gonna take it

I'm gonna dig it

oooh

take it

You know I'm gonna take it

You betcha betcha betcha bet, I'm gonna take it

yes, I'm gonna take it...
