

Ozark Mountain Daredevils, You Made It Right

I've got a moon out of my window
In the night
And I've got a sun out of my doorway
When it gets light
I've got stones on a mountain
And a clear blue windswept sky
Thank you Lord
You made it right, you made it right
And I've got a woman to love me
When I'm gone
And I've got stars to find me
The way back home
I've got rain in the morning
When I'm stranded all alone
Thank you Lord
You made it right, you made it right
I've been standing on a hillside
In the night
I've been singing 'bout the good things
In the light
There's a new star on the horizon
And it nearly fills the sky
Thank you Lord
You made it right, you made it right
