

Ozma, Curve In The Old 1-9

down at the curve in the old 1-9
there's been a crash that's obstructing the line
i'm gonna sing you a song that no sane man should be singing
but my ears won't stop ringing
extraordinary love will save us from the skies above

only on a day like this
seal it with a hopeful kiss

they're gonna take you down a righteous course
but they won't let you know that they're taking it by force
down in the depths of my heart there is regret and remorse
but let's not beat a dead horse 'cause the past cannot be changed
history never rearranged

only with a hopeful kiss
we will see our way through this

when you wake up take a look around

only with a hopeful kiss
we will see our way through this

when you wake up take a look around
watch the pillars crumble slowly to the ground
watch them as they crumble slowly to the ground
