

# Ozma, Turtleneck Coverup

A turtleneck will cover that up  
So sweat it out and keep your mouth shut  
FBI (cover it up), CIA (cover it up)  
JPL (cover it up), CNN (cover it up)  
Turtleneck (cover it up)

Hope that they're not wondering why I'm never laundering  
My turtleneck cover me don't let anybody see  
Everything I've come to be since she had her way with me  
Turtleneck cover me don't let anybody see  
From the shadows in the streets hidden eyes are watching me

Even the wolf wears a disguise  
So pull the wool down over your eyes  
KGB (cover it up), LBC (rap the f#&k up)  
MTV (cover it up), FCC (cover it up)  
Turtleneck (cover it up)

Hope that mom's not wondering why I'm never laundering  
My turtleneck cover me don't let anybody see  
Everything I've come to be since she had her way with me  
Turtleneck cover me don't let anybody see  
From the shadows in the streets hidden eyes are watching me

Video cameras in the trees  
Documenting all they please  
Sometimes I wish I could rewind  
Video cameras in the trees  
Catch her when she comes and leaves  
Sometimes I wish I could rewind  
I only wish I could rewind  
I only wish I could rewind

Turtleneck cover me don't let anybody see  
Everything I've come to be since she had her way with me
