

Ozomatli, La Segunda Mano

Martha Verse:

El sendero que viajamos sin luz no puedo ver
(The path that we travel without light I cannot see)

En esta encrucijada esperamos renacer
(At the crossroads we wait for rebirth)

Y despues que apredimos desicion pa esocoger
(And then we learn that the desicion is to choose)

Mi duende lucha entre la flor y el machete, no tengo remedio que dejarlo a la suerte
(My soul must choose between the flower and the machete, I resolve myself by leaving it up to luck)

CHORUS:

La Segunda Mano
Ya te Pegarar En La Frente

Jabu:

Ok here's the case and point

Jab walked in slow, quick cased the joint

That's when he seen her played the cool pero

Heard all her home girls scream "go vero";

Uh um, con permiso

Then everything stopped like a freethrow

Free flow for the next three months

She so sprung he don't even know what she wants

Invest in the best thing, best bet, but he always out

Him and other girls wrestling

In debt to the karma cops

And they don't care if you're young, broke, or old they're collecting

Thought I paid up

My girl home early from work I'm laid up

Well that's the end, as scandalous as it gets

Lost my good thing

Got burnt with some grits

CHORUS:

La Segunda Mano
Ya te Pegarar En La Frente

2nd verse

Should've seen how this girl had me

Met her online, said her name's happy!

Would've gladly asked her on a date

Saw my page and she said "to your friends add me";

No doubt

Took her to a lounge

She had on high heels with ten toes out

Then she hit me with that Hollywood crap, asked about my ends and how I make pepper jack

I said I rhyme I'm a rap up and comer

Then she said cool, but "do you have a hummer";

No, "you gotta get a grill";

What for?

Did an about face, walked right out the door

Tried to catch me, broke her Jimmy Choos

Sweat her perm out, tryin' to catch me cruisin'

Yep, that's the deal sunshine

A digger of the gold, is no friend of mine

CHORUS:

La Segunda Mano
Ya te Pegarar En La Frente

Just clap your hands
Just do your dance (2x)
I know you think this beat is fresh
homeboys and the ladies too
same things that you put out there
Gon' all come back to you
So its time for y'all to hit the floor
Everybody gon' and do that dance
Just remember if the first hand miss, then beware of the second hand

CHORUS:

La Segunda Mano
Ya te Pegarar En La Frente
