

# P. Diddy, Tell Me

(Diddy)

hey yo just turn me up  
yo yo it's been a long time  
(ya turn me up just a lil bit more)  
I wanna make sure they can feel me  
turn me up just a lil bit more  
ya, like that

Can you feel me  
Do that - do that - do it  
Do that - do that - do it  
Do that- do that- do it  
Do that- do that- do it  
Get on the dance floor  
Can you feel me

Yeah yeah yeah  
Lets play a game  
lets pretend for a second  
you don't know who I am  
and what I do, lets just put it do the side  
I can feel your heart beating  
I can hear you breathing  
Look into your eyes, try to see into your mind  
See into your soul  
See no limits, to the levels me and you can go  
When it's me that is in control  
But it's something 'bout you that make me wanna change  
I like the way you dance and the way you play the game  
I like the way you take away the pain  
The way you tell me that you want it, not saying a thing  
The way you got me going got me goin, out of my brain  
See us going at it, goin in and out of them lanes  
I don't want your innocence  
I don't want you to stutter  
I don't want a committment  
And I don't want you to suffer  
I don't want your number  
Baby I want you to wonder  
Want you to come up lookin like it's somethin you wanna

(christina)

Tell me  
what you thinkin about when got me waiting patiently  
Usually I don't have to wait for nobody  
But there's somethin bout you that really got me feelin weak  
And I'm tryin to find the words to speak

(chorus)

Boy I got my eyes on you  
Tell me what you wanna do  
I can picture you in my room  
Until the mornin  
I don't even know your name  
Boy I need to know your name  
I'm hopin that you feel the same  
Tell me if you want it

I know you gonna like it (I know)  
So tell me how you want it (tell me)  
and you dont have to fight (you know)  
cuz baby you're invited (baby)  
( these lyrics found on <http://www.completealbumlyrics.com> )

Tell me ...

(diddy)

Ya dreams fulfilled, you rockin wit the best  
Unforgivable, i'ma put ya limits to the test  
You're pulsating, ya heart is beating out of your chest  
You're hyperventilating, tryin to catch your breath (DONT STOP)  
Im the first Im the next Im the end  
Im the pulse and of course ill make ya my thing  
Look how I approach you, look how I expose you  
Look how Ive studied every move, now I know you  
I don't wanna control you, I wanna console you  
And do everything that I told you (I told you)  
get high wit me, come touch the sky wit me  
Fly wit me, see, like the new wiser me? (DONT STOP)

Im the dream, Im the one  
Im the reason you come, Im a king  
Im a hum, im a beast  
Im the last thing your eyes see  
the passion beside me is yours now come try me

(christina)

Tell me  
what you thinkin about when your hands is all on me  
Cuz I 've been thinking about all the possibilities  
Ain't no other place that I really wanna be  
cuz you swept me off my feet

(chorus)
