

P Diddy, What You Want

[Intro]

Ladies and gentlemen

We are gathered here today

To join

I see it, yeah

Yeah, yeah

I like this right here

Yeah, yeah

One-Two, One-Two, in the place to be

As you can see

I am the crush groovin'

There's a whole lot of stars be groovin' in here tonight

The record breaking and the record making

Yeah, yeah, turn this up

From the states to over seas

Every city in between I hit the scene

Catch fire like kerosene

Geting paid for more then a decade

We been blazing, y'all wasn't ready for the PD invasion

Caught you off guard, got bitches, got cars

Healin' war scars, puff smoke out of the jar

Catch flights to and fro, nigga who you know?

No one important, just another nigga flossing

Gotta seal, what I'm touching is real

You just a clone wit' a production deal

I sailed the seven seas and kept my head above the water

Sorry I left you, but now I am back for ya

But it's like we never bounced, platinum from word of mouth

Hottest niggas out

Alot better, the shit's too strong

I'm home now, daddy's been gone too long
