

P!nk, Willow Sage Hart (P!nk's Daughter), Cover

I've been dreaming
Friendly faces
I got so much typos to kill
just imagine
people laughing
i know some day we will

Even if it's far away
give me to another day

Cover Me In Sunshine
shower me with good times
tell me that world's still spinning
since from the beginning
and everything be all right
Cover Me In Sunshine

from my distance
all this mountains i hide sometime
in hills
why your flowers
they keep livin' high
and they just still

i've been missing yesterday
what if there's better place

Cover Me In Sunshine
shower me with good times
tell me that world's still spinning
since from the beginning
and everything be all right
Cover Me In Sunshine

Cover Me In Sunshine
shower me with good times
tell me that world's still spinning
since from the beginning
and everything be all right
