

# P.O.D., Goodbye For Now

I can still see the light  
at the end of the tunnel shine  
through the dark times  
even when I lose my mind

But it feels like no one  
in the world is listening  
and I can't ever seem  
to make the right decisions

I walk around in the same haze  
I'm still caught in my same ways  
I'm losing time in these strange days  
but somehow I always know  
the right things to say

I don't know what time it is  
or whose the one to blame for this  
Do what I believe what I can't see  
And how do you know  
which way the wind blows

Cause I can feel it all around  
I'm lost between the sound  
And just when I think  
I know, there she goes

Goodbye for now  
Goodbye for now  
So long

Goodbye for now (I'm not the type to say I told you so)  
Goodbye for now  
So long (I think the hardest part of holding on is lettin go)

When will we sing  
A new song  
A new song

Were still smilin as the day goes by  
and how come nobody  
ever knows the reasons why  
Burry you deep so far  
you can't see

If you're like me  
who wears a broken  
heart on your sleeve

Pains is troubles that  
you know so well  
Either time don't  
It can't or you just won't tell

I'm not the type to say  
I told you so  
I think the hardest part  
of holding on is lettin it go

I don't know what time it is  
or whose the one to blame for this  
Do what I believe what I can't see  
And how do you know  
which way the wind blows

Cause I can feel it all around  
I'm lost between the sound  
And just when I think I know  
there she goes

Goodbye for now  
Goodbye for now  
So long

Goodbye for now (I'm not the type to say I told you so)  
Goodbye for now  
So long (I think the hardest part of holdin on is lettin it go)

When will we sing  
A new song  
A new song

And you can sing until  
theres no song left (song left)  
And I can scream until  
the world goes deaf (goes deaf)

For every other word  
left unsaid you should  
have took the time to  
read the sign and  
see what it meant

In some ways everybody  
feels alone so if the  
burden is mine then  
I can carry my own

If joy really comes  
in the morning time  
then I'm gunna sit back  
and wait until the  
next sun rise

Goodbye for now  
Goodbye for now  
So long

Goodbye for now (I'm no the type to say I told you so)  
Goodbye for now  
So long (I think the hardest part of holdin on is lettin it go)

When will we sing  
A new song  
A new song
