

Pacewon, Cowboys & Westerns

Yo, yo

I light a spliff in a instant, watch the verbal lynch-men

Dressed in crimson, do movies like Mel Gibson

Ski a kingpin, we keep the people steppin

He my partner like Danny Glover Mel's in 'Lethal Weapon'

I'm Pacewon, well known to flip fags

Wise the eye on Wise potato chip bags

I zig-zag, laugh at guys I agonize

A faggot dies, my rap sting like dragonflys

Huh - just two of my rap samples

make rednecks with banjoes sing like Luther Vandross

"I'm Bad," Pacewon "Rocks the Bells"

Give me hugs, "I Need Love" like LL

Yessir, the son of Derrick and Esther

Dunn seen more naked chicks than Hugh Hefner

Some be perfect, some of 'em gear be messed up

Some have a weave or a bald head like Uncle Fester

I hit the best of the skins y'all bink bink like pinball

from Chaka Khan to Molly Ringwald

Uh, I be puffin 'til my chest burns

Ganja get smoked like cowboys and westerns

Huh!
