Pacifier / Shihad, Missionary

If you come knocking on my door I'll make sure that i'm not there It's no fun being alone but don't you phone I'm running...

'Cause i know and i'll always remember what you said

Got woken by a missionary Who'd come to deliver a message of peace I told her peace was what I had Until I was woken by a missionary

But if you go I promise i will remember what you said
