

Paddy Casey, Downtown

Girl I'm glad that you're around
Even if you are uptown
I'm downtown, I'm downtown

I know this city gets you down
But you're too proud to wear a crown
So come on down, yeah come on down

If you need a place to rest
Well I will do my very best
So come lay right down, lay right down

And if you can won't you come and see me
