

# Paganizer, Devour Digest Defecate

Reaching for your cross  
As your life is drained  
Your saviour high above  
Laughs in his filthy heaven

Devour digest your rancid flesh  
Defecate your lies

Excruciating pain  
Rips through your dying body  
The pain will forever remain  
As you burn in hell

Devour digest your rancid flesh  
Defecate your lies

The last you'll feel is me  
Ending your life  
The last you'll taste is blood pouring from your mouth

Bleeding from your wounds  
Redemption is not to be found

The last you'll feel is me  
Ending your life  
The last you'll taste is the blood pouring from your mouth  
As you die

Reaching for your cross  
As your life is drained  
Your saviour high above  
Laughs in his filthy heaven

Devour digest your rancid flesh  
Defecate your lies
