

# Page 44, No Truth At All

You've always thought i was a joke  
but the joke is all on you

you told lies through crooked teeth  
but you never did talk straight

to the point of.  
the point is

there's no point at all  
the point is  
there's no point at all, with you.

you always took more than you gave.  
but you never did give much

you tried to hide behind your lies  
but you'll never hide from me

or the truth  
the truth is.  
There's no truth at all.  
the truth is.  
there's no truth at all, with you

i hope you realize what you've done to me  
the truth will come back to haunt you yes ???  
and we'll judge what we do.  
and we'll judge the liar and that's the truth

you'll be left with just yourself  
but your' always self obsessed

you will never forget me  
but i won't remember, you

the truth is  
there's no truth at all  
the truth is  
there's no truth at all, to me.

I hope you realize what you done to me  
the truth will come back to haunt you  
yes it will get you  
cause we'll judge what we do  
and you'll be judged a liar and that's the truth

who gave up the one thing that you wanted  
who betrayed the only ones you'd ever need  
but your just to blind to see it.

i hope you realize what you've done to me  
the truth will come back to haunt you  
yes it will get you on your feet  
cause we'll judge what we'll do  
and you'll be judged a liar and that's the truth  
and the truth is.
