

# Pain, Clouds Of Ecstasy

Pushing forty, cracks on her skin  
Needs to get out, she's ready for sin  
All dressed up and no one to blow...  
She's so low

Silicon tits and silicon lips  
Grammy awards and playing your tricks  
Let the champagne flow  
And powder your nose

Walking the white line of fantasy  
Glamorous life is all you seek  
Living in Hollywood make believe  
Lost in the clouds of ecstasy

Silicon tits and silicon lips  
Grammy awards and playing your tricks  
Let the champagne flow  
And powder your nose

Walking the white line of fantasy  
Glamorous life is all you seek  
Living in Hollywood make believe  
Lost in the clouds of ecstasy

Feel it, it's knocking on your door  
The parasite is ready to strike  
Digging for gold

Walking the white line of fantasy  
Glamorous life is all you seek  
Living in Hollywood make believe  
Lost in the clouds of ecstasy
