

# Pain Of Salvation, Ashes

You claim I don't know you, but I know you well  
I read in those ash eyes we've been through hell  
I've walked with the weakest just to feel strong  
You've given your body just to belong

Let's burn together  
Let's burn together

This pain will never end  
These scars will never mend

I taste your sorrow and you taste my pain  
Drawn to each other for every stain  
Licking the layers of soot from your skin  
Your tears work my crust to let yourself in

Touching you harder  
Touching you harder now

As we walk through the ashes  
I whisper your name  
A taste of pain to cling to  
As we walk through the ashes  
You whisper my name  
Who's the one with the sickest mind...  
now?

This pain will never end  
Our scars will never mend  
Cleansing sweat  
We are just using each other  
Too depraved to stay alive  
But too young to die  
And we hurt  
Thus we hurt

Scrubbing it harder  
Too late to back out now  
Scrubbing it even harder  
As these two broken barren desolate disordered words collide

As we walk through the ashes  
I whisper your name  
A taste of pain to cling to  
As we walk through the ashes  
You whisper my name  
Who's the one with the sickest mind...  
now?

This pain will never end  
These scars will never mend  
Damn this dirty bed  
Damn this dirty head
