Pose, Pose, nobody knows
Just what we go through we go through for one of these shows.
We have sweat on our nutsacks and corns on our toes, yeah.
But if you want to be honest,
Nutsack sweat feels pretty good (pretty good)
And corns only make me walk faster
Faster than I normally would.
Pose, Pose, why do you suppose
That Pain is our name?
Because thats what we chose
And life without Pain is a long endless chain
Of errors repeated again and again
So dont be afraid of Pain dont run away.
Cuz after were done here well come back one day
Again and again until we have the money to retire.
