

Palaxy Tracks, Grey Snake

Don't you know that I wanna
Send the boat out in the night
How long?

Won't you go find me a daughter
Find her with brown hair and eyes
How long does love last?

Buried in woods, something is wrong with me
I need to breath

And you know I'll learn to love her
Drag her down deep with the night
How long does love last?

Thirty to one
Something is wrong with me
I need to breath
