

# Palaxy Tracks, Wake Me Up

Wake me up when you decide  
I'll sleep in, I'll be fine  
Or I'll turn black and die  
Send over the bad news and I won't fight

Maybe we'll run through the streets  
Or walk on the side of the road  
Or maybe we won't

You invite me to brunch  
But I don't know what brunch is  
I thought you were the one  
But there's just this one little problem

Maybe we'll both settle down  
Decide to just sit this one out  
Or maybe we won't

So please stick around  
Until the night changes in sound  
Until my mind settles back down

Bring your heart when you come around  
And I'll be your best friend  
Maybe we're alright
