

# PALAYE ROYALE, Fever Dream

Close your eyes and exit life tonight  
You'll be just fine, you'll be alright  
It's time we start escaping  
Fever Dream  
The lights are fading

Don't look around  
At all the faces abound  
Don't look behind you  
'Cause we are stuck underground  
Can you see the words I'm up here trying to preach?  
No need to cry  
You'll never find me trying to leave

I see that you're in pain  
From your pale and lifeless face  
So let go and float away  
Let go, let go, let go and...

Close your eyes and exit life tonight  
You'll be just fine, you'll be alright  
It's time we start escaping  
Fever Dream  
The lights are fading  
Take my hand to Neverland, you'll see  
We can be free, we can be anything  
Just you and me  
Fever Dream  
The lights are fading

I can't hear a sound  
I see the world upside-down  
Tell me how it's fair  
To put a loved one underground  
Now can you see the words  
I'm up here trying to preach?  
No need to cry, don't say goodbye  
I'll see you on the other side  
I'll see you on the other side

I see that you're in pain  
From your pale and lifeless face  
So let go and float away  
Let go, let go, let go

Close your eyes and exit life tonight  
You'll be just fine, you'll be alright  
It's time we start escaping  
Fever Dream  
The lights are fading  
Take my hand to Neverland, you'll see  
We can be free, we can be anything  
Just you and me  
Fever Dream  
The lights are fading

Follow me into this Fever Dream  
We can be anything and everything  
We want to be if we believe  
Letting go of what we used to know  
We can be anything and everything  
Just follow me into this Fever Dream  
Into this Fever Dream

Close your eyes and exit life tonight  
You'll be just fine, you'll be alright  
It's time we start escaping  
Fever Dream  
The lights are fading  
Take my hand to Neverland, you'll see  
We can be free, we can be anything  
Just you and me  
Fever Dream  
The lights are fading

Follow me into this Fever Dream  
We can be anything and everything  
We want to be if we believe  
Letting go of what we used to know...  
Fall asleep and make believe with me  
We're gonna be alright  
So close your eyes  
Just say "Goodnight"
