

Pale, Everytime You Say 'Hey'

You have to call me
at 2 or 3 am.
Pick up the phone
and try not to breathe.

I want a scene
never will forget.
I want a story
to be complete.

Come on we both know,
we are just points
in (each) other lines.

yes you are
the single dot,
the perfect try,
the perfect smile.

You know how hard we've tried.
to figure out.
I want a story
to be complete.

We talk without a
we talk without a sound.
Distance is the word,
let us speak out.

make every sound
make trembling
we can't resist
we know how hard we've tried
never will forget.
I want a story
to be complete.

Now I know that things won't stay
hey they can't repeat.
Now I know that things won't stay
hey they can't repeat.

We're seperated again
and we know how it ends.
Tomorrow we start again
we will never stop you'll see it.

Now I know that things won't stay
hey they can't repeat.
Now I know that things won't stay
hey they can't repeat.
They are somewhere moving to fast
for me

You have to call me
at 2 or 3 am.
Pick up the phone
and say...
