

# Pale Saints, Thread of Light

hey percy  
the beauty hidden in the pain  
i smile and i bleed  
body rain

between the scenes  
you should hold someone  
every piece is time  
you've undone

pretty boy  
everything lost and still a sound  
of mother's arms and soul  
can be found

between the scenes  
you should hold someone

between the scenes  
you should hold someone  
every piece is time  
you've undone
