

Paleo, Sky Pilot

SKY PILOT

sky pilot
smoke stylus
writing high
and mighty in the sky

sky pilot
i saw you cross your heart
and hope to die

everybody hide
the doorknocker's knocking
a looking glass room
a house of trick cards
everybody hide

peaceful. the bodies
so breathless and peaceful
miasma hosanna hey joe

sky pilot
breath deep and shoot the moon

everybody hide
the doorknocker's knocking
everybody hide

and i'll believe in anything
and i'll concede to anything
and i'll believe in anything under the sun
for you i'd become anyone at all
