

Palms Up, Day Dreaming

I had a day dream
And I saw the other side
No signs of traffic
It's just an open ride□□□
Get out of this boring
Monday-Friday thing□□□□

I get into the world yeah and I see you□
□

CHORUS

Hop in lets fly straight for the sun □
Let's break the rules of make believe
Let's have a little fun□□□□
Oh now you can try to box this thing□
I much rather sing
Because all your troubles won't get you when your day dreaming
□□□□

I'm looking for a portable kind of paradise
Not necessarily a castle
More like a state of mind
The dragon is roaring
And I can hear the princess cry□
It's good thing I'm chilling all the time

CHORUS

Hop in lets fly straight for the sun □
Let's break the rules of make believe
Let's have a little fun□□□
Oh now can be a princess
I think I'll be a king□□□
Cause all your troubles won't get you when your day dreaming□□□
I said all your troubles won't get you □□
□□

And we ride away
Yeah we ride away
Straight for the sun
Let's break the rules of make believe
Let's have a little fun□□
Oh now you can try to box this thing□

I much rather sing□(oh la la la)□
I much rather sing□(oh la la la)□
I much rather sing□(oh la la la)□

All your troubles
All your troubles
Won't get you

Cause all your troubles won't get you when your day dreaming
