

# Paloma Faith, Can't Rely on You

Help me  
How would you gon' do, no this way  
I work so hard for you everyday  
While you out, late night  
Girl, what you do?  
Chillin' with who?  
While I'm sitting at home  
Come on with it!

I don't know when this world is going to

I just can't rely on you  
I just can't rely on you  
Yeah, you got that good stuff but that don't last  
So I just can't rely on you  
Just can't rely on you

Oh Lord  
How am I to ever explain?  
I'm a melted awkward and right down the drain  
'Cause if you don't want me  
Release  
Repeat  
Believe  
Want some  
Want some

He will take right out your way  
Come on with it!

I don't know when this world is going to

I just can't rely on you  
I just can't rely on you  
Yeah, you got that good stuff but that don't last  
So I just can't rely on you  
Just can't rely on you

Time to go  
Really  
You can say what you want  
But I'm not that dull  
Can't stop me  
Oh my man  
Oh Lord

I don't know when this world is going to

I just can't rely on you  
I just can't rely on you  
Yeah, you got that good stuff but that don't last  
So I just can't rely on you  
Just can't rely on you

Just pulling in like it is  
Wait a minute  
Wait a minute  
Change your ways  
You don't deserve it babe  
Look at here  
Cause that's why you drove me out of my mind

I just can't rely on you  
I just can't rely on you

Yeah, you got that good stuff but that don't last  
So I just can't rely on you  
Just can't rely on you
