

# Paloma Faith, Crybaby

It's ok to be  
a little broken and beat  
but I;m alright with that

you are with me, relax  
and you call it weak  
baby, you're just unique  
come out of the black  
never hold it back

you got such sad eyes  
.. blue anfd grey  
and it hurts me  
to see you hurt this way

go on and cry  
baby, crybaby  
Coz you don't have to keep it inside  
Just cry  
just cry  
go on and cry  
baby, crybaby  
And there's no reason you gpot to hide  
Just cry  
just cry  
A real man show his feeling  
tears the can be healing  
and I can be your savior tonight  
so go on and cry  
baby, crybaby  
Just cry
