

# Pam Tillis, Already Fallen

You come banging on the screen door  
Begging me to let you in  
All I got to say is, "Honey, where you been?"  
This time I think it's you that's surrenderin'

You see I've already fallen  
Yeah, I've already fallen  
If you're waiting on me you're backing up  
I'm way in over my head in love  
It's true  
Well, I've already fallen for you

Well you look so serious leaning on the Frigidaire  
And, gee, it's sweet of you to ask me if I really care  
Honey, I'm already picking out the silverware.

You see I've already fallen  
Yeah, I've already fallen  
If you're waiting on me you're backing up  
I'm way in over my head in love  
It's true  
Well, I've already fallen for you

I must have played this scene out a hundred times in my head  
That you'd look me in the eyes and say  
You love me like you just did  
But you'd better tell me twice  
cause I'm still one step ahead

You see I've already fallen  
Yeah, I've already fallen  
If you're waiting on me you're backing up  
I'm way in over my head in love  
It's true  
Well, I've already fallen for you  
Yeah, I've already fallen for you
