Pam Tillis, Sweetheart's Dance

Sweetheart's dance, that's what we do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round
Make out in the corner
Lover's quarrel, sweetheart's dance

Sometimes babe I hate you cause my love's so strong And then you make me feel so right I think it must be wrong You move me, you move me This love don't make no sense We make each other crazy baby And dance the sweethearts dance

Love sets us in motion and gets down around our feet We're living to the rhythm of our hearts together beating I love you, I love you, let me whisper in your ear Let me kiss you on the shoulder honey Let me hold you near

Sweetheart's dance, that's what we do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round
Make out in the corner
Lover's quarrel, sweetheart's dance

Got your hand in my back pocket Got your eyes all off in space How 'bout we just get out of here And find a quiet place

Sweetheart's dance, that's what we do
The two heart two-step baby, that's me and you
Sweetheart's dance round and round
Make out in the corner
Lover's quarrel, sweetheart's dance
