

# Pamsy, Dancin' Alone

Dancin' alone tonight  
Leave me alone this time

Speed of my life  
Out of control  
I need a way out into my soul, oh  
Why can't you see I've got to step away

Alone now, my world's in motion  
My heroes are to the ground  
I need a big emotion  
Turn me upside down, boy

Dancin' alone tonight  
Leave me alone this time  
Over and over I just wanna feel alright  
Dancin' alone tonight  
Out of your twisted life  
My hearts is waiting to gimme the wings and fly

Saturday night  
Wanna be fine  
But now I feel a clock out of time, oh  
Just let me be so easy and so free

Alone now, my world's in motion  
My heroes are to the ground  
I need a big emotion  
Turn me upside down, boy

Dancin' alone tonight  
Leave me alone this time  
Over and over I just wanna feel alright  
Dancin' alone tonight  
Out of your twisted life  
My hearts is waiting to gimme the wings and fly

Dancin' alone tonight  
Leave me alone this time
