Panic! At The Disco, Do You Know What I'm See

Clouds are marching along, singing a song, just like they do If the clouds were singing a song, I'd sing along Wouldn't you too?
If you just knew, what they could do Oh if you just knew, what would they do?

And if the birds are just hollow words Flying along, singing a song What would they do If they just knew what we could do? Oh, if they just knew

I know it's sad that I never gave a damn about the weather And it never gave a damn about me I know it's sad that I never gave a damn about the weather And it never gave a damn about me No, it never gave a damn about me

I know it's mad, but if I go to hell Will you come with me? Or just leave? I know it's mad, but if the world were ending Would you kiss me? Or just leave me? Just leave me?

Clouds are singing a song, marching along, just like they do If the clouds were playing a song, I'd play along Wouldn't you too?
If you just knew, what they could do Oh if you just knew, what would they do?

And if words are just hollow birds Flying along, singing a song What would they do If they just knew what we could do? Oh if they just knew

I know it's sad that I never gave a damn about the weather And it never gave a damn about me I know it's sad that I never gave a damn about the weather And it never gave a damn about me No, it never gave a damn about me
