

# Panic! At The Disco, It's Almost Halloween

I'm carving pumpkins, It's almost Halloween  
and all my friends are wondering what they're going to be  
The monster mash is playing, you're moving to the beat  
and now we're going to teach you to do the trick or treat

Everybody scream, Everybody scream  
It's almost Halloween  
do the trick or treat, do the trick or treat  
It's almost Halloween, everybody scream

There's a devil in the corner, in candy apple red  
dressed up like a fire, burning through my head  
I got a little closer, and offered her a drink  
she took me to the graveyard and we did the trick or treat

Everybody scream, Everybody scream  
It's only Halloween  
do the trick or treat, do the trick or treat  
It's only Halloween, everybody scream

Before I learned her name, we were already asleep  
when I woke up in my coffin, she was nowhere to be seen  
was it all a dream?  
who can I believe?  
it can't be what it seems, it was only Halloween  
what does it all mean?

Everybody scream, Everybody scream  
It was Halloween  
do the trick or treat, do the trick or treat  
It was only Halloween, everybody scream  
Everybody scream  
It was Halloween  
do the trick or treat, do the trick or treat  
It's only Halloween, everybody scream
