

Panic! At The Disco, It's true love

True love is scarce
As crossed as prickles and thorns
On juniper trees
True love is rare
A species falling in love
In time
(I still believe)
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe.
True love like ours is worth so much more than a diamond ring
True love's old fashioned
True love is antique
Love is established philosophy
True love is much more scarce than money
Love in our pockets will never go hungry!
In separate ways
(And everyone says)
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
True love
Is it a fairytale?
Love isn't make believe
True love like ours is worth so much more than a diamond ring
