

Panic! At The Disco, Middle of Summer

When the moon
Fell in love
With the sun
Al was golden in the sky
All was golden when the day met the night
When the sun found the moon
She was drinking tea out in a garden
Under the green umbrella trees
In the middle of summer
When the moon found the sun
He looked like he was barely hanging on
But her eyes saved his life
In the middle of summer
In the middle of summer
In the middle of summer
In the middle of summer
He was just hanging around
Then he fell in love
And he didn't know how
But he couldn't get out
Just hanging around
Then he fell in love
In the middle of summer
In the middle of summer
When the moon
Fell in love
With the sun
Al was golden in the sky
All was golden when the day met the night
So he said: "Would it be alright
If we just sat and talked for a little while
If in exchange for your time
I give you this smile?"
So she said: "Hey that's ok,
As long as you can make a promise,
and not to break my little heart
And leave me all alone
In the summer"
So they break the day in two
In a garden under the green umbrella trees
While we dream the wildest dreams
In the middle of summer
In the middle of summer
In the middle of summer
In the middle of summer
When the moon fell in love with the sun...
