## Panic! At The Disco, Nails For Breakfast, Tacks F

Watch your mouth oh oh because your speech is slurred enough that you just might swallow yo I'm sure you would want to give up the ghost with just a little more poise than that Or was it God who chokes in these situations, running late oh no, he called in Or was it God who chokes in these situations, running late oh no, he called in

The hospice is a relaxing weekend getaway where you're a cut above all the rest Sick and sad patients on first name basis with all the top physicians Prescribed pills to offset the shakes to offset the pills; you know you should take it a day at a time

That's when you st-st-stutter something profound to the support on the line And with the way you've been talking every word gets you a step closer to hell That's when you st-st-stutter something profound to the support on the line And with the way you've been talking every word gets you a step closer to hell
