

Panika, Today

Today is that day
When I feel unhappy
Today is that day
When I feel like nobody

You don't say any words
But I see it in your eyes
That I'm not
That I'm not
Woman to love

Tonight is the night
When I feel so cold
Tonight is the night
When I feel so alone

You don't say any words
But I see it in your eyes
That I'm not
That I'm not
Woman to love

But I close my eyes
And try to forget
That loving you
Is my only true sense x2
